

Company Armature KLAD Ltd. offer cooperation in case of machining.

For this type of production we use primarily these machines:

CNC machining center ZPS Tajmac H 630

CNC lathe ECOCA MT-415MC

CNC lathe HYUNDAI-KIA SKT 25

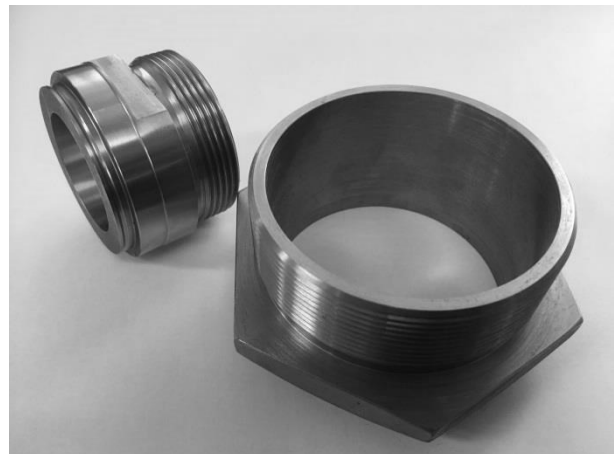

CNC lathe Colcheter Tornado A90

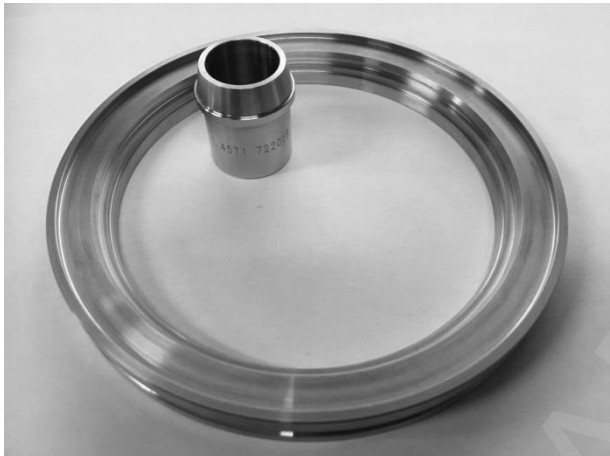

We make cooperation for significant domestic and international customers.

Our company offer machining of hard machinable materials (stainless steels, Hastelloy etc.).

Examples of products manufactured in our cooperation:
